

How a Microsoft 365 review helps streamline, scale and secure businesses.

Trident offers a zero cost, zero commitment review that assesses an organisation's IT, focusing on the use of Microsoft 365.

With nothing to lose and everything to gain, our review helps transform and simplify workflows and systems regardless of device or location — so organisations remain competitive, enhance productivity and security, and are brought up to standard.

Benefits of a Microsoft 365 review

Uncover risks to reduce the likelihood of cyberattacks

Discover potential cost savings

Enable strategic planning to drive scalable growth

Enable flexible, responsive ways of working

Maximise productivity by fully leveraging existing tools

Strengthen data governance and meet compliance standards

What does the Microsoft 365 review cover?

We'll conduct a high-level review of your current IT infrastructure, assessing usability, performance, and security, and how well it aligns with your organisation's goals, both now and in the future. We only need around 15 minutes of your time to kick off the review, and within a day our experts will deliver a tailored high-level overview with strategic technology recommendations and expected timeframes to support informed decision-making.
